

## Project Space

Project Space is an international competition that gives young European teams an opportunity to submit ideas for a specific situation and to subsequently test their concepts on location. The winning team in our OPEN CALL assembles at the Az W to work on innovative projects together that are to be communicated and presented in the exhibition,

Synopsis by wonderlab

### **Blind date**

Thu 08.08 / Mon 12.08 / Mon 19.08.2013, 7pm

Since 2011 wonderland has been creating a network for planners from all over Europe to promote exchange between different architectural practices. The format is unique, and makes it possible for two teams who did not previously know one another to talk about concrete themes. The aim is to stimulate a European architecture discourse.

### **wonderland for children — ‘Playable City’**

ages 6+

Sat 03.08 / Sun 04.08 / Sat 17.08 / Sun 18.08.2013, 1pm to 5pm

Tickets: EUR 3.50 / admission free for **small**partners

What is important for you in the city? What might a child-friendly city look like? How should the spaces in the city be designed? wonderland invites you to design a part of your environment yourself — in miniature format. During the wonderlab exhibition, elements for a rather different minigolf course will be assembled in the courtyard. Different materials will be used by the young workshop participants to work on this play-ready (urban) landscape, in four sessions.
