

**WONDERLAB '24 HOUR CITY – ALL INCLUSIVE'**

08.08 – 25.08.2013, ALTE HALLE

Guided tour for the press: Wed 07.08.2013 at 11am | opening: Wed 07.08.2013 at 7pm  
Film evening: 8pm – Tlatelolco, D.: Lotte Schreiber in cooperation with frame[o]ut and MQ

THE EUROPEAN ARCHITECTURE PLATFORM WONDERLAND CELEBRATES ELEVEN YEARS, AND MOVES INTO THE ARCHITEKTURZENTRUM WIEN FROM 07. – 25.08.2013.

a cooperation by wonderland – platform for European architecture with the Architekturzentrum Wien

As a platform active throughout Europe, wonderland has been adding even more depth to the exchange of current trends in architecture and urbanism for over a decade as well as promoting networking between young architecture producers in an 'interactive' exhibition at the Architekturzentrum Wien. From 07.08 to 25.08.2013 the Az W Alte Halle will become the temporary headquarter of wonderland, the wonderlab, an urban research laboratory dedicated to the social relevance of architecture and urbanism. In this workspace and place of production teams selected in an Open Call engage with topics relevant to Vienna in-line with this year's wonderland theme: 'connecting, sharing, creating space!'

wonderlab is a large-scale event aimed at promoting intensive discourse. It is an opportunity to involve a broad public in urbanism and architecture, not least with the formats developed by wonderland, such as BLIND DATE, MOVIES IN WONDERLAND and PROJECT SPACE, as well as a CHILDREN'S WORKSHOP where the outdoor space is designed in a participatory process. Full details are available in the supplementary programme.

wonderland is converting the Staatsratshof into a recreational area for everybody who has not fled the city for August.

The project is touring to Berlin (DAZ) and Kiev (CANACTIONS) in 2014 with a grant from the European Cultural Fund.
